

Do You Smell Smoke?

Advanced preflight is a program that helps aircraft owners and pilots become more aware of all the safety-related data pertaining to their aircraft. In addition, it focuses on being more aware of who maintains your aircraft, and how to apply a detailed approach to your preflight inspection on a review of the aircraft's maintenance history.

Also following the Safety Seminar there will be a "spot landing" contest, please see additional information for details !!!

Directions: Classroom will be set up at Lehigh Valley Airport Authority Hangar/Terminal

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
